ABOUT THE EVENT

ELECTRIC MYANMAR 2017 featuring **POWER MYANMAR 2017** and **SOLAR MYANMAR 2017** are the only specialized Electrical and Power Generation event in Myanmar that brings together an international congregation of Government and private power and electric companies and also its supporting industries gathered in Yangon to showcase the latest developments in the electrical and power generation industry.

Fireworks Exhibitions and Conferences which have organized successful international energy events such as ASEAN Oil & Gas Expo (AGEX), Malaysia, Indonesia Oil & Gas Expo (IGEX), Oil & Gas Thailand (OGET), Oil and Gas Vietnam (OGAV) is the organizer of this premier Electric and Power Generation event.

Highlights Of ELECTRIC MYANMAR 2016, POWER MYANMAR 2016 and SOLAR MYANMAR 2016:

- o Electric & Power Networking Nite
- o Electric & Power Technology Seminars
- o Electric & Power Conference

FACTS OF MYANMAR'S ELECTRIC AND POWER INDUSTRY

The World Bank approved a \$140 million interest-free loan to fund a more efficient power plant in Myanmar

As a first step to expand electricity for the people of Myanmar, the Bank will provide a \$140 million interest-free credit to support installation of a modern, high efficiency power plant at Thaton Gas Turbine Station in Mon State. By replacing existing gas turbines with advanced combined cycle gas turbine technology, the plant will be able to provide 250 percent more electricity with the same amount of gas, reducing noise and improving the plant's health and safety standards. The new 106 MW plant will provide electricity to both the national and local grids – covering 5 percent of peak demand in Myanmar and 50 percent of peak demand in Mon State. This will benefit local residents and businesses by making electricity supply more reliable.

Future Potential of Myanmar's Power Capacity

Myanmar's installed power capacity, which was 3,321.9 Megawatts (MW) in 2012 and is expected to rise to 6,553.9MW by 2021. Currently, the country has 29 power stations (18 hydropower, 1 coal-fired and 10 gas fired stations that supply electricity nationwide.

The Future of Power Transmission and Distribution Market In Myanmar

The future transmission network planned for 2011-2016 would be 44 new transmission lines, with total investment requirements estimated at USD 660 Million. 46 new substations are also planned with investment requirements of about USD 320 Million. Between 2012 and 2013, the ESE would also expand the 33kV network by 400 km, the 11kV by 360km and the 6.6kV by 250 km.

Myanmar To Generate Electricity Through Solar Power

The Myanmar electric power authorities will initiate a project to generate electricity through solar power in cooperation with a Thai company in a bid to meet the growing demand of electricity in the country in addition to sources obtained through hydro, gas and coal power. Under a memorandum of understanding signed between Myanmar's Ministry of Electric Power and the Green Earth Power Co Ltd of Thailand, the project of establishing a solar power plant capable of generating 50 megawatts (mw) of electricity will be implemented in Minbu, central Magway region. On its completion, the power plant will go into operation by 2015-16.

Solar power in Burma has the potential to generate 51,973.8 TWh/year, with an average of over 5 sun hours per day

ACO Investment Group will collaborate with Myanmar's Ministry of Electric Power to construct two 150 MW solar plants by 2016.

THE ORGANIZER

Fireworks Myanmar

FireWorks Myanmar is part of the **Fireworks Trade Media Group**, a large conglomerate of media companies which owns businesses ranging from directories and magazines to exhibitions and conferences. With its direct offices in Singapore, Malaysia, Indonesia, Thailand, China, Taiwan, India and Vietnam and more than eight years of rich media experience under their belt, FireWorks seeks to deliver exciting trade exhibitions with its strong industrial networks and contacts. FireWorks Exhibitions & Conferences is known for its trademark Energy events such as **Asean Oil & Gas Expo (AGEX)**, **Indonesia Oil & Gas Expo (IGEX)**, **Oil & Gas Thailand (OGET)** and **Oil & Gas Vietnam (OGAV)** in countries such as Malaysia, Indonesia, Thailand and Vietnam. With a rich think-tank of ideas and a young innovative team led by an experienced veteran, FireWorks is set to light up the dull local industrial exhibitions scene with its fiery display of loud ideas at shows.

PHOTOS OF PAST EVENTS

EXHIBITOR PROFILE

- Architectural, Commercial & Office Lighting
- Automation & Control Equipment
- Batteries
- Biomass
- Boilers
- Bus Bar Systems
- Cables, Cable Trays & Circuit Breakers
- Capacitors
- Cogeneration
- Compressors
- Conductors
- Connectors / Connecting Systems
- Control Systems
- Electrical Components
- Electrical Distribution & Transmission Equipment
- Emergency, Industrial Lighting
- Energy Efficiency and Conservation
- Energy, Facility Management Systems
- Energy Recovery
- Fans, Blowers & Accessories
- Fire Prevention Equipment & Systems
- Fuses
- Gen Sets – Gas, Diesel, Bio-fuel
- Geothermal
- Hydro Power
- Installation Equipment
- Intelligent Building Products & systems
- Junction Boxes
- Management and Maintenance Systems
- Meters and Metering Devices
- Photovoltaics
- Plugs and Sockets
- Power Generation Equipment / Generators
- Power Supplies / Batteries / UPS
- Relays & Converters
- Solar Thermal
- Specialty Fixtures & Equipment
- Switches / Switchboards / Switchgear
- Testing & Measurement Equipment
- Transformers
- Trunking & Trunking Systems

VISITOR PROFILE

- Public and private power utilities
- Independent power producers
- Cogenerators / self generators
- OEMs
- Government agencies
- Project developers
- Environment agencies
- Consultants and Engineers
- Coal, oil and gas operating companies

THE VENUE

Novotel Yangon Max, Yangon, Myanmar

ELECTRIC MYANMAR 2017 will be held at Novotel Yangon Max, Yangon, Myanmar One of Myanmar's most established venue located in the heart of town. The centre boasts adequate exhibition and conferences facilities and also ample parking space for visitors and exhibitors.

COST OF PARTICIPATION

HAVE IT RAW!

Raw Space Only (Min 18sqm)

320 USD PER SQM

"Ideal For Companies With Large Exhibits Or Simply For Those With More Flair..."

SHELL ME UP!

Standard Shell Scheme (9sqm)

340 USD PER SQM

"Leave The Work To Us And Walk Onto A Furnished Stand With Chairs & Tables."

SHELL SCHEME PACKAGE INCLUDES:

1 x 230V - Power Point - Needle Punch Carpet Flooring - White Laminated Plywood Panel - 2 x Fluorescent Tube - 2 x Upright Chair - 1 x Information Counter - Fascia Board With Company Name

SPACE BOOKING FORM

We are keen to exhibit with an area of approximately :

Indoor Raw Area

Area _____ sqm only (min 18 sqm)

Indoor Shell Scheme

Area _____ sqm only (min 9 sqm)
